BADMINTON

Crystal sand texture sports PVC floor is specially used in badminton professional matches.

The surface layer uses sandy grain. It's filled on the surface with disordered and uneven particles. It enhances friction to the floor and prevents slippage.

The 1.2mm wear-resisting layer made by 100% pure PVC keeps the service life of the product at more than six years. The middle layer is glass fiber non-woven cloth. High strength and high density foam layer is selected, which has good vibration absorption function, during movement can absorb the impact energy on the surface of the floor, so as to protect the ankle, spine and brain of athletes.

PRODUCT PARAMETERS			
thickness(mm)	4.5	6.0	7.0
dimension(m)	20*1.8	15*1.8	15*1.8
wear Layer(mm)	0.3	0.3	0.4
weight per square meter(Kg/m ²)	3.25	4.1	4.6
product ID	TLSJS009	TLSJS0010	TLSJS0011
colour	green / red		

Standard badminton court: 108m²
Quantity Required: 3 rolls

PING PONG

Weaving texture sports PVC floor is specially used in ping pong professional matches.

The middle layer of the floor is glass fiber non-woven cloth. Delicate cloth grain surface texture, provide good friction and flexibility for multi-direction bouncing movement, adding wear layer and glass fiber non-woven fabric, make the product more stable.

This product is also widely used in schools, companies, gyms and other public sports facilities construction.

PRODUCT PAMETERS			
thickness(mm)	4.5	-	-
dimension(m)	20*1.8	-	-
wear Layer(mm)	0.2	-	-
weight per square meter(Kg/m ²)	2.9	-	-
product ID	TLBW0015		
colour	green / red / blue		

BASKETBALL

Wood texture sports PVC floor is specially used in basketball professional matches.

Specially added PVC transparent layer and maple texture printing layer, is a high-end composite process products .

The stable layer of the product adopts glass fiber non-woven fabric, which can effectively prevent the floor from shrinking and prolong the service life of the floor.

The wear-resisting layer adopts 100% pure PVC high quality raw material, which essentially guarantees the stability of the product's performance parameters. We didn't add too much calcium powder to reduce the purity of wear-resistant layer PVC. The wear resistance of the product is maintained at the best level.

PRODUCT PAMETERS			
thickness(mm)	4.5	6.0	8.0
dimension(m)	20*1.8	15*1.8	15*1.8
wear Layer(mm)	0.35	0.5	0.5
weight per square meter(Kg/m ²)	3.1	4.1	5.4
product ID	TLMW0012	TLMW0013	TLMW0014
colour	green / blue / yellow		

Standard basketball court: 649.44m²
Quantity Required: 18 rolls

VOLLEYBALL

Gemstone texture sports PVC floor is specially used in volleyball professional matches.

It can also be used in pingpong, badminton, tennis, gym and other places. It not only has an economical price, but also has excellent stain resistance.

Gemstone grain product surface is more uniform, can withstand different directions and strength of wear resistance. 100% pure PVC high quality raw materials, to ensure the stability of the product performance. With the bottom adsorption technology, effectively enhance the adhesion to the floor, alleviate the impact of movement on the knee and ankle. Gemstone grain is good-looking and easy cleaning, can disperse the court light point, will not affect the view of the players.

PRODUCT PARAMETERS				
thickness(mm)	3.5	4.5	6.0	8.0
dimension(m)	20*1.8	20*1.8	15*1.8	15*1.8
wear Layer(mm)	0.2	0.2	0.25	0.3
weight per square meter(Kg/m ²)	2.3	2.65	3.5	5.0
product ID	TLBS001	TLBS002	TLBS003	TLBS004
colour	grey / orange / blue			

Standard volleyball court: 766.8m²
Quantity Required: 22 rolls

TENNIS

Lychee texture sports PVC floor is specially used in volleyball professional matches.

It is a cost-effective product for the mass consumer market, suitable for a variety of sports scenes.

Elastic cushioning foam layer makes feet feel comfortable, cushioning and vibration absorption effect is good, and safety protection is guaranteed .

PRODUCT PARAMETERS				
thickness(mm)	3.5	4.5	6.0	8.0
dimension(m)	20*1.8	20*1.8	15*1.8	15*1.8
wear Layer(mm)	0.2	0.2	0.25	0.3
weight per square meter(Kg/m ²)	2.3	2.65	3.5	5.0
product ID	TLLZ005	TLLZ006	TLLZ007	TLLZ008
colour	green / blue / grey / red			

Standard tennis court: 676m²
Quantity Required: 19 rolls

PROJECT CASES

PACKAGING & SHIPPING

- (1) composite kraft paper.
- (2) waterproof plastic wrap covered outside.
- (3) bundle with a strong packing strap.
- (4) protected with wooden boards.

*Can pack the goods as per your requirement.

THANK YOU !
